

Manual for parents - admission to a children's group

How to proceed when a child joins a children's group.

1. The child's parents (legal guardians) submit an application to the Kotorská or Rabasova children's groups (only to one of the facilities). It must be legibly completed and certified by the pediatrician and the parents' employer.
2. The child is accepted into one of our children's groups on the basis of the submitted application if the capacity is free.
3. Book the date and time to sign the contract by phone with the main leader of the children's groups.

We ask parents to:

- respect the agreed time and date of the meeting. If you can't come, let us know so we can offer an appointment to other parents.
- read the contract and all its annexes before the meeting. All documents are on our website.
- take your identity card or other proof of permanent residence to sign the contract.
- bring CZK 5,000 in cash (reservation fee) to sign the contract, which will bill the last month of the child's attendance in the children's group.

The main leader of the children's groups will be happy to answer any questions you may have during the personal meeting.
